I. READ THE PASSAGE AND ANSWER THE QUESTIONS. (20)

Global warming is an increasing hazard. As the Earth is getting hotter, disasters like hurricanes, droughts, and floods are getting more frequent. If the ice sheet over Greenland melts, it could raise sea levels by 20 feet. The disaster will be sufficient to flood most of the Bangladeshi and Indian coastal regions. Thousands of people will become homeless and our natural resources will decrease drastically.

The biggest cause of the raising global temperatures is an increase in the amount of carbon dioxide that is released into the air when fossil fuels are burnt.

If we use renewable sources of energy, it would reduce global warming to a large measure. One such source is wind power, which is clean and cheap. Also, if fossil fuels are used very sparingly and only when necessary, it would help solve this crucial problem of global warming.

A. ANSWER THE FOLLOWING QUESTIONS. (2X5=10)

1. What are the effects of global warming?
2. Which is the biggest cause for the rise of global temperature?
3. What might reduce global warming to a large extent?
4. Name two renewable sources of energy mentioned in the passage.
5. What would happen if the ice-sheet over Greenland melts?

B. WRITE TRUE OR FALSE. (1X5=5)

1. Global warming is an increasing hazard.
2. Use of non-renewable sources of energy would reduce global warming.
3. Extensive use of fossil fuels will help to solve the problem of global warming.
4. Wind power is one of the essential sources of renewable sources of energy.
5. As the earth is getting hotter, disasters like droughts and flood are getting less frequent.

C. PROVIDE SYNONYMS FOR THE FOLLOWING WORDS FROM THE PASSAGE. (1X5=5)

1. Danger 2. Calamity 3. Repeated 4. Enough 5. Inexhaustible

II. A year ago, you lent your favorite book to a friend who you thought would enjoy it. Unfortunately, your friend has forgotten to return it. The book has sentimental value to you as it had been presented by your grandmother. Write an informal letter to your friend reminding him to return the book fast. (10)
