GROUP - B

5) Read the following passage and answer the question:

Karl Benz invented the modern car in 1888 in Germany. Emile Roger worked for Benz in France. He made cars in France. By 1900, many people were building cars in France and in the U.S. The first company to build only cars was Panhardet Levassor in France. Panhard started in 1889. The Peugeot car company started in 1891 in France. In the

US, Frank and Charles Duryea started the Duryea Motor Wagon Company in 1893. It was the first US car company. By 1902, Ransom E. Olds started the Olds Motor Vehicle Company. A year later, Henry Ford started the Ford Motor company. It produced the Cadillac. All these early modern cars burned gasoline or diesel fuel. Ford opened factories in France and Britain in 1911. Then, they opened a factory in Denmark in 1923. Later, they opened a factory in Germany in 1925. Ford was one of the first manufacturers to use an assembly line. With an assembly line, factory workers could produce cars faster and safer than other production systems. Most modern cars still burn gasoline or diesel fuel. These cars cause air pollution. They get the air dirty. Now many people are looking for cleaner cars. And, many car companies are looking for cleaner fuels.

A. i) What did Henry Ford start? What did it produce?

Henry Ford started the Ford Motor Company. It produced the Cadillac.

2x4=8

ii) Which was the first U.S. car company? When was it opened?

The first U.S car company was the Duryea Motor Wagon Company. It was opened in the year 1893.

iii) What can an assembly line produce?

With an assembly line, factory workers could produce cars faster and safer than other production systems.

iv) What is the defect of modern cars?

Modern cars burn gasoline or diesel fuel that cause air pollution. This is the defect of modern cars.

B. Find out the opposite of the following word from the passage:

1x2=2

i. closed - ***opened***

ii. Late - ***early***

6) Write the definition of the following. Give one example in a sentence. Answer any five.

3x5=15

a. Infinitive

*An infinitive is a non-finite verb that does the work of a noun in a sentence. For example, birds love **to sing**.*

b. Adverb of Degree

*Adverb of degree or quantity shows us how much. For example, she is **very** tired*

c. Past Perfect Tense

*We use the past perfect tense for an action taking place before a certain time in the past. For example, the train **had left** the station*

d. Finite Verb

*A finite verb is a verb that changes form with changes in the number and person of the subject or a change in tense. For example, he **liked** dancing, I **like** to dance.*

e. Determiners

*Determiners are words that introduce nouns and specify them. For example, **these trees** have grown huge over the years.*

f. Article

*An article is a word that defines a noun as specific or non-specific. For example, I bought **an** encyclopedia.*

g. Adverbs

*Words which modify the meaning of verbs, adjectives, and other adverbs are known as adverbs. For example, he is walking **too** fast.*

GROUP – C
