- A JESUIT CHRISTIAN MINORITY INSTITUTION
- Subject- Chemistry <u>Answers of Worksheet- 26</u> Class IX
- Date -27.04.2020

- Chapter- Solutions
- Answer the following questions (MCQ): (1×15):
- Question 1

Q. What is a solute?

answer choices

21104401 0110100

The substance that is dissolved into the solution.

Q. What is a solvent?

answer choices

The substance that does the dissolving in a solution.

- Question 3
 - Q. Which is an example of a solute?

answer choices

Sugar

- Question 4
 - Q. Which is not an example of dissolving?

answer choices

Water in water

- Question 5
 - Q. The thing that does the dissolving

answer choices

Solvent

- Question 6
 - Q. Solute

answer choices

The thing that gets dissolved

Question 7

Q. are made up of solutes and solvents.

answer choices

Solutions

- Question 8
 - Q. You can make a solution more concentrated by adding _____

answer choices

solute

- Question 9
 - Q. Substance dissolved in a solution

answer choices

solute

Question 10 Q. Mixture of two or more substances uniformly mixed. solution

Question 11

Q. Water is a universal solvent

answer choices

true

Question 12

Q. What are two parts that make up a solution?

answer choices

solvent and solute

Question 13

Q. Sugar water is a answer choices

solution

Question 14

Q. Does the dissolving?

answer choices

solvent

. Question 15

Q. The process of separating suspended particles from fluid through a filter answer choices

Filtration
