A. Answer the following questions below:

1. What did Rahila do as she left the house?

Rahila went outside her house. She sat under a wood – apple tree which is next to the wall. She started counting the leaves on the tree, one, two, three, four. Then she started counting the leaves falling from the tree.

2. Where did the leaf fly?

The leaf blew up in the air. The leaf then went in front of Rahila. It kept flying in front and at the back of her. The leaf was being carried away by the wind.
