## Ch-6 -Endocrine System

**F.M:15**

### WORKSHEET – 17

**(1x15=15)**

- i) Hormones are secreted by  
(1) Exocrine gland (2) Endocrine glands (3) Both (1) and (2) (4) None of these
- ii) Hormones are also called  
(1) Biological messengers (2) Physical messengers (3) Chemical messengers (4) All of these
- iii) Hormones are directly released into  
(1) Tissues (2) Bloodstream (3) Cells (4) Organs
- iv) Which of the following have ducts?  
(1) Exocrine gland (2) Endocrine glands (3) Both (1) and (2) (4) None of these
- v) Sweat is produced by  
(1) Salivary glands (2) Sweat glands (3) Mammary glands (4) Lacrimal glands
- vi) Tears are produced by  
(1) Salivary glands (2) Sweat glands (3) Mammary glands (4) Lacrimal glands
- vii) Which of the following is an exocrine gland?  
(1) Pancreas (2) Liver (3) Stomach (4) Small intestine
- viii) Which of the following is an exocrine gland?  
(1) Salivary gland (2) Mammary gland (3) Sweat glands (4) All of these
- ix) Which of the following is a mixed gland?  
(1) Pancreas (2) Liver (3) Stomach (4) Small intestine
- x) Which of the following is an endocrine gland?  
(1) Pituitary gland (2) Mammary gland (3) Sweat gland (4) Lacrimal gland
- xi) Which of the following is an endocrine gland?  
(1) Pituitary gland (2) Thyroid gland (3) Adrenal gland (4) All of these
- xii) Which of the following is linked to the hypothalamus?  
(1) Pituitary gland (2) Thyroid gland (3) Adrenal gland (4) Parathyroid gland
- xiii) Pituitary gland is controlled by  
(1) Thyroid (2) Hypothalamus (3) Parathyroid (4) Pancreas
- xiv) Which of the following is called 'master gland'?  
(1) Salivary glands (2) Sweat glands (3) Pituitary gland (4) Mammary glands
- xv) Which of the following leads to the growth of the bones and muscles during early life?  
(1) Adrenaline (2) Growth hormone (3) Prolactin (4) Oxytocin
