Sub: English Language

Class: 3

### 1. Read the comprehension passage. Then answer the questions:-

Once there lived two friends Sonu and Monu. They were very poor. They used to beg for alms.

Sonu was blind while Monu was lame. He could not walk without help. One day Sonu heard that a large religious fair was being held in the next village. He said to Monu, "Friend, we must go to the fair. Many rich and saintly people will come there. We'll get a lot of alms."

"But Sonu, how can we go so far? You are blind so you can't see the way. I am lame so I can't walk for such a long distance." Sonu smiled and said, "Don't be disheartened, Monu, I have found a way out. I am blind but I can walk to cover long distance. You cannot walk as you are lame, but you can show me the way to the fair. Now you can sit on my shoulders. You will see the way and tell me which way to go while I'll be your legs and carry you to the fair."

So the two friends went to the fair and enjoyed themselves.
