**2ND TERM**

**TREES ARE LOVELY**

**ANSWERS - WORKSHEET – 18**

---

**Answer the following questions:**

Q1) 'Don't chop them down..... Oh, please!

Explain the above line in your own words.

**A1) Trees are extremely important for us . Cutting down trees have an adverse effect on our environment. It makes the soil loose and causes floods. It reduces oxygen in the air and causes breathing problems. Without trees, our surroundings look barren.**

Q2) How does the animal world get benefit from trees?

**A2) Animals too depend on trees for their survival. They too get their food from trees. Birds build their nests on trees. Trees keep them safe . Animals get their shelter from trees.**

Q3) How can we save trees?

**A3) We must save trees to save our environment. Planting trees in and around our homes, schools and neighbourhoods should be part of our programme. Looking after the trees and protecting them from getting chopped off is also very important. We must not pluck leaves and flowers at random. Regular watering of those plants that do not get enough water from rains is also necessary.**
