A JESUIT CHRISTIAN MINORITY INSTITUTION
27, BALLYGUNGE CIRCULAR ROAD, KOLKATA- 700019
CLASS - IV

1. Write numbers in multiplication form and find the product:
a) $9+9+9=$ $\qquad$ x $\qquad$ $=$ $\qquad$
b) $7+7+7+7+7=$ $\qquad$ x $\qquad$ $=$ $\qquad$
c) $6+6+6+6=$ $\qquad$ X $\qquad$ = $\qquad$
2. Add by expanding:

377123 and 212120
3. Write in short form:
a) $600,000+2,000+20=$
b) $7,000,000+70,000+7=$
4. Round off the numbers to the nearest 100:
a) 46231
b) 27683
5. Mark the periods and compare using > , < or = sign:
a) 382148 $\qquad$ 468213
b) 68254 $\qquad$ 68255-1
c) 93680 $\qquad$ 93679
6. Write the predecessor and successor of the following number:

| Predecessor | Numbers | Successor |
| :---: | :---: | :---: |
|  | 731000 |  |

7. Arrange in ascending order:

263142, 10238, 9946, 43210
8. Complete the patterns:
a) $23420,43420,63420$, $\qquad$ , $\qquad$ , $\qquad$
b) $86910,87010,87110$, $\qquad$ , $\qquad$
$\qquad$
9. Fill in the blanks:
a) $\qquad$ $-1000=19,218$
b) $30,125=$ $\qquad$ $+5+100$
10. An English text book contains 128 pages. How many pages will 429 copies of the same text book contain?
11. A factory produced 35,000 toys last year. This year it has produced 3,794 less. How many toys has the factory manufactured this year?
12. Find the difference between 87,893 and the sum of 78,394 and $1,18,395$.
