•	Subject- ChemistryWorksheet <u>- 32</u>	Class IX	
•	Date -2.05.2020		

Question 1	
Q. What do acids do to red litmus paper? answer choices	
Turn it Red	
Turn it Blue	
Turn it Yellow	
Turn it Green	
Question 2	
Q. What do bases do to red litmus paper? answer choices	
Turn it Red	
Turn it Blue	
Turn it Yellow	
Turn it Green	
Question 3	
Q. What do bases do to blue litmus paper? answer choices	
Turn it Red	
Turn it Blue	
Turn it Yellow	
Turn it Green	
Question 4	
Q. What do acids do to blue litmus paper? answer choices	
answer energe	

Q. What do acids do to bromothymol blue? answer choices Turn it Red Turn it Blue Turn it Yellow Turn it Green Question 6 Q. What do bases do to bromothymol blue? answer choices Turn it Red Turn it Blue Turn it Yellow Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Red	Turn it Red	
Turn it Green Question 5 Q. What do acids do to bromothymol blue? answer choices Turn it Red Turn it Pallow Turn it Green Question 6 Q. What do bases do to bromothymol blue? answer choices Turn it Blue Turn it Blue Turn it Blue Turn it Blue Turn it Hed Turn it Pallow Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Red Turn it Red Turn it Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices	Turn it Blue	
Question 5 Q. What do acids do to bromothymol blue? answer choices Turn it Red Turn it Blue Turn it Green Question 6 Q. What do bases do to bromothymol blue? answer choices Turn it Blue Turn it Blue Turn it Blue Turn it Blue Turn it Yellow Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Red Turn it Red Turn it Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Red Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices	Turn it Yellow	
Q. What do acids do to bromothymol blue? answer choices Turn it Red Turn it Yellow Turn it Green Question 6 Q. What do bases do to bromothymol blue? answer choices Turn it Blue Turn it Yellow Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Red Turn it Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices	Turn it Green	
answer choices Turn it Red Turn it Blue Turn it Yellow Turn it Green Question 6 Q. What do bases do to bromothymol blue? answer choices Turn it Red Turn it Blue Turn it Yellow Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Red Turn it Blue Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices	Question 5	
Turn it Blue Turn it Yellow Turn it Green Question 6 Q. What do bases do to bromothymol blue? answer choices Turn it Red Turn it Blue Turn it Yellow Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Red Turn it Red Turn it Red Turn it Red Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices		
Turn it Yellow Turn it Green Question 6 Q. What do bases do to bromothymol blue? answer choices Turn it Red Turn it Blue Turn it Yellow Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Red Turn it Red Turn it Purple/Pink Turn it Ouestion 8 Q. What do acids do to phenolphthalein? answer choices	Turn it Red	
Turn it Green Question 6 Q. What do bases do to bromothymol blue? answer choices Turn it Red Turn it Blue Turn it Yellow Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Blue Turn it Red Turn it Purple/Pink Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices	Turn it Blue	
Question 6 Q. What do bases do to bromothymol blue? answer choices Turn it Red Turn it Blue Turn it Yellow Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Red Turn it Blue Turn it Blue Turn it Purple/Pink Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices	Turn it Yellow	
Q. What do bases do to bromothymol blue? answer choices Turn it Red Turn it Blue Turn it Yellow Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Red Turn it Blue Turn it Blue Turn it Purple/Pink Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices Turn it Red	Turn it Green	
Turn it Red Turn it Blue Turn it Yellow Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Blue Turn it Blue Turn it Blue Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices	Question 6	
Turn it Blue Turn it Yellow Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Red Turn it Blue Turn it Purple/Pink Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices Turn it Red		
Turn it Yellow Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Red Turn it Blue Turn it Purple/Pink Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices Turn it Red	Turn it Red	
Green Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Red Turn it Blue Turn it Purple/Pink Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices Turn it Red	Turn it Blue	
Question 7 Q. What do bases do to phenolphthalein? answer choices Turn it Red Turn it Blue Turn it Purple/Pink Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices Turn it Red	Turn it Yellow	
Q. What do bases do to phenolphthalein? answer choices Turn it Red Turn it Blue Turn it Purple/Pink Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices Turn it Red	Green	
Turn it Red Turn it Blue Turn it Purple/Pink Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices Turn it Red	Question 7	
Turn it Blue Turn it Purple/Pink Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices Turn it Red		
Turn it Purple/Pink Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices Turn it Red	Turn it Red	
Turn it Green Question 8 Q. What do acids do to phenolphthalein? answer choices Turn it Red	Turn it Blue	
Q. What do acids do to phenolphthalein? answer choices Turn it Red	Turn it Purple/Pink	
Q. What do acids do to phenolphthalein? answer choices Turn it Red	Turn it Green	
answer choices Turn it Red	Question 8	
Turn it Blue	Turn it Red	
	Turn it Blue	

Turn it Clear		
Question 9		
Q. What do acids do to universal indicator?		
answer choices		
Red		
Blue		
Yellow		
Green		
Question 10		
Q. What do acids do to universal indicator?		
answer choices		
Red		
Blue		
Yellow Green		
Question 11		
Q. HCI, Sprite, & Lemon Juice are		
answer choices		
Acidic		
Basic		
Neutral		
Acidic and Basic		
Question 12		
Q. NaOH, Ammonia, & Bleach are answer choices		
Acidic		
Basic		
Neutral		

Turn it Purple/Pink

Basic and Acidic

•	Question 13

 $\ensuremath{\mathsf{Q}}.$ Which of the following is a positive for $% \ensuremath{\mathsf{A}}$ and acid

answer choices

Red Litmus paper staying red

Red Litmus paper turning blue

Phenolphthalein being purple

Bromothymol blue turning blue

Question 14

Q. Which of the following is a positive for an acid

answer choices

Blue Litmus paper staying blue

Red Litmus paper staying red

Phenolphthalein being purple

Bromothymol blue turning blue

Question 15

Q. Which of the following is a positive for an acid

answer choices

Red Litmus paper turning blue

Blue Litmus paper staying blue

Phenolphthalein being clear

Bromothymol blue turning blue
