### 1. Answer the following questions:-

a. How did Rudolph become Santa's favourite reindeer?

Ans. One day, as Santa was sitting outside his house, he saw his reindeers playing together and having fun. But Santa also that one of the reindeer named Rudolph, was standing aside because the other reindeers did not let him join in and play with them. Santa noticed this and felt sad for Rudolph. It was because of Rudolph's bright nose that Santa and the other reindeers found they way back home. This is how Rudolph became Santa's favourite reindeer.

b. Describe Santa's journey to the North Pole?

Ans. Once the toys were packed in the sleigh and Santa was ready to go it had become dark and foggy. The reindeer all galloped into the dark sky, pulling the sleigh with Santa on his journey. It had become very dark and the reindeer could seem to find the right path in the darkness and thick fog. They kept going zig- zag and in circles. Suddenly, in the darkness they saw a red light and galloped towards it. Santa realised that they were back home. It was the light from Rudolph's nose who was playing by himself.

c. What lesson did you learn from the story?

Ans. This lesson teaches us that each one is important and special in they way. We should not make fun of someone or put someone down. Because someday that person will make you realise your mistake and make you feel sorry. Like we saw in the story, how the other reindeer made fun of Rudolph instead of making friends with him. It was Rudolph's nose that got the home safely.

d. Why and how is the festival of Christmas celebrated?

Ans. Christmas is celebrated on the 25<sup>th</sup> of December every year. People around the world have been observing it with traditions and practices that are both religious and secular in nature. Christians celebrate Christmas Day as the birth of Jesus Christ. Popular customs include exchanging of gifts, attending church, sharing meals with family and friends and of course waiting for Santa Clause to arrive.
