

# ST. LAWRENCE HIGH SCHOOL

A JESUIT CHRISTIAN MINORITY INSTITUTION  
27, BALLYGUNGE CIRCULAR ROAD, KOLKATA - 700019

## ANSWER: WORKSHEET- 8 2<sup>nd</sup> Term

Class: 3

Subject: SCIENCE

Date: 12.05.2020

### HOUSING AND CLOTHING

#### 1. Fill in the blanks.

- A good and clean house keeps us healthy.
- A house should have doors and big windows to let fresh air and sunlight in.
- Sunlight kills germ and keeps the house warm in winter.
- Fresh air makes the house airy and keeps it cool in summer.
- The windows should be covered with a wire mesh so that insects are not able to enter the house.
- The walls of the house should be thick.
- High roofs allow free flow of air inside the house and keep it cool.
- Drains of the kitchen and bathroom should always be covered to keep the mosquitoes and cockroaches away.
- A good drainage system helps to get rid of waste materials from bathroom and kitchen.
- A disinfectant is a solid or liquid substance that is used to clean the house, removing germs.

#### 2. State True or False.

- Sunlight also helps to save electricity. True
- Thick walls of the house help to keep the house warm in winter and cool in summer. True
