

ST. LAWRENCE HIGH SCHOOL

A JESUIT CHRISTIAN MINORITY INSTITUTION

Worksheet 24

Sub: Geography

Class:10

Date: 11-5-2020

Chapter 2: Topic: Atmospheric Pressure - Part 10

Second Term

1. Choose the correct answer
 - a. Normal air pressure at sea level is i) 1012.31 mb ii) 1013.25 mb iii) 1013.52 mb iv) 1013.12 mb
 - b. With the increase in temperature, pressure level i) comes down ii) goes up iii) remains same iv) remains horizontal.
 - c. Torricelli's barometer was invented in the year i) 1640 ii) 1646 iii) 1800 iv) 1840
 - d. Fortin's barometer was invented in the year i) 1640 ii) 1646 iii) 1800 iv) 1840
 - e. In nuclear power plants which among the following barometer is being used: i) Microbarograph ii) Piezoresistance Barometer iii) Hipsometer iv) Barograph
 - f. The instrument for continuous recording of air pressure is i) Microbarograph ii) Piezoresistance Barometer iii) Hipsometer iv) Barograph
 - g. The barometer that is used in satellite is i) Microbarograph ii) Piezoresistance Barometer iii) Hipsometer iv) Barograph
 - h. The metal that is used in barometer is i) lead ii) zinc iii) mercury iv) copper
 - i. The atmospheric pressure at sea level is i) 76 cmHg ii) 78 cmHg iii) 70 cmHg iv) 75 cmHg
 - j. The instrument that is used by pilots i) Aneroid barometer ii) Altimeter iii) Microbarograph iv) Both i and ii
 - k. Steep pressure gradient indicates i) strong wind ii) Isobars appear close together iii) gentle breeze iv) both i and ii
 - l. Factors which affect air pressure: i) temperature ii) presence of water vapour iii) altitude iv) all of these.
 - m. Jean Nicholas Fortin is a i) French ii) Italian iii) Spanish iv) British Scientist
 - n. Evangelista Torricelli is an i) French ii) Italian iii) Spanish iv) British Scientist
 - o. Variation in the atmospheric pressure is i) responsible for horizontal movement of air ii) Transfer of heat and moisture iii) responsible for vertical circulation of air iv) all of these

Susmita Banerjee
