07.05.2020

A. Write the opposites of the following words:

1. Up – Down
2. High – Low
3. Behind – In front

B. Give the meanings of the following words:

1. Counts = To say numbers one after another
2. Blows = Send out air
3. Carries = To move or take from one place to another
4. Climbs = Get to the top

C. Write true or false for the following sentences:

1. Rahila`s mother told her to keep crying. - **False**
2. Rahila counts the leaves on the tree by one, two, three, four. – **True**.
3. Rahila does not run after the leaf. – **False**.
4. The leaf climbs high above the roof. – **True**
5. She finds the golden bangle on top of the rosebush. - **False**

D. Make sentences with the following words:

1. Dances = She dances to her favourite music always.
2. Hole = There is a hole in the bucket.

3. Laughs = Everyone laughs when Ram tells jokes.

4. Spins = The spider spins his web fast.

5. Blows = The wind blows very slowly.

E. Answer the following questions:

Q1. How did the leaf move?

- The leaf danced up and down, left and right. It turned and turned and then spun like a top. It then climbed high above the roof.

Q2. Why was Rahila laughing?

- Rahila was laughing because she was happy to find her golden bangle.

Q3. Why did Rahila run after the leaf?

- Rahila ran after the leaf because she wanted to chase it and have fun.
