Paragraph Writing

1. Write ten sentences on 'Monsoon'.

Model Paragraph

Monsoon comes after the end of summer season. It begins in June and goes on till September. After the heat of the summer, it brings relief to all living creatures. During this season the sky is always cloudy. Rivers, lakes, ponds and wells are filled with rainwater. The roads become wet and muddy. We can hear the loud thundering sound and pitter-patter of the rain. We wear raincoats, gumboots and carry an umbrella during this season. Monsoon helps farmers by providing rainwater for crops. Excess rainfall may cause floods and can even damage crops.
