

ST. LAWRENCE HIGH SCHOOL

A JESUIT CHRISTIAN MINORITY INSTITUTION

- **Subject : Mathematics Worksheet- 9 Class: 5**
- **Date 9.06.2020**

- **Chapter : Percentage**

- **Answer the following questions (MCQ) : (1×15)**

- Question 1

Q.
Convert $45/100$ to a percentage.

answer choices

45%

450%

4.5%

9%

- Question 2

Q.
Write in percentage

answer choices

7%

70%

0.7%

- Question 3

Q.
change $3/4$ to percentage

answer choices

34%

30%

40%

75%

- Question 4

Q.
1 1/4 becomes..

answer choices

114%

125%

135%

175%

- Question 5

Q.
Convert to percentage

answer choices

12%

25%

48%

50%

- Question 6

Q.
4/200 =

answer choices

40%

2%

42%

20%

- Question 7

Q. There is one pizza and two people are going to split it in half. How would you convert one half into a fraction, decimal and percent?

answer choices

1/2 , 0.5 , 50%

1/4 , 0.25 , 25%

$\frac{3}{4}$, 0.75 , 75%

$\frac{1}{20}$, 0.05 , 5%

• Question 8

Q. There are four dogs three of them are brown, how would you write $\frac{3}{4}$ as a decimal?

answer choices

.75

075.

7.5

75

• Question 9

Q. Three out of ten people chose art as their favorite elective. How would $\frac{3}{10}$ be converted into a decimal?

answer choices

$\frac{3}{10} = .310$

$\frac{3}{10} = 30.$

$\frac{3}{10} = .3$

$\frac{3}{10} = 3.00$

• Question 10

20% written in decimal form?

answer choices

2.0

.2

20.

.02

• Question 11

Q.
What is $\frac{1}{2}$ as a percentage?

answer choices
