Subject: SCIENCE

Date:15.05.2020

HOUSING AND CLOTHING

1. Name the following.

- We all need this to live in. It protects us from heat, cold, wind, rain wild animals and thieves.
- Houses made of bricks and cement. Strong houses not easily damaged by storms and floods.
- Houses made of mud and straws. These are weak houses and can be damaged easily by storms, rains and floods.
- Things such as foods, storms rains that cause great harm to people and nature.
- Roofs of the houses in hilly areas.
- Houses built on wooden posts.
- A dome-shaped building built with blocks of ice.
- A solid or liquid substance that is used for cleaning the house and removing germs.
- Waste materials and garbage must be disposed in this.
- The wooden posts on which houses are built in areas of heavy rainfall.

2. Match the columns.

Columns A		Column B
a. Big windows and doors		Thick
b. Proper drainage system		For children to play
c. Open spaces		High
d. Roof		Allows sunlight and fresh air in
e. Walls of the house		Bathroom and kitchen

3. State whether True or False.

- The igloo has a short door opening and tunnel in front of the dome structure.
- House should be swept and mopped once a week.
- We must throw garbage in open areas.
- We should mix disinfectant in the water used for mopping.
- We should cover our windows with wire mesh so that insects are not able to enter the house.
