COMPREHENSION

Read the comprehension passage given below and answer the following questions.

Susan's Christmas Tree

Susan's favourite holiday was Christmas. Presents were great. The food was even better, especially chocolate chip cookies and the roasted turkey. But these were not the best things about Christmas, though, at least not to her. The best thing for Susan was Christmas Trees.

She loved to decorate Christmas Trees. Fake ones were okay, but real ones were the best. The smell of pine needles was so fresh and nice. It made her think of clean air.

Susan always started with the lights. The twinkling lights looked like stars. Next was the tinsel. Shiny strands of gold were strung around the tree. Then there were strings of popcorn. The white fluffy popcorn hung on a string was pretty. It looked like snow. Then the bulbs in every colour were hung around the tree. There were red ones, pink ones, yellow and blue. The last piece was the star on top. Her father had to help her with that, because he was much taller than her. Afterwards, she could stand back and enjoy the tree. Her whole family loved to look at the tree. The tree would last a couple of weeks. It was sad to see it go but there was always next year!
