A HEALTHY LIFESTYLE

The Thompson family has been trying to eat healthy meals for a very long time, but found it difficult to keep up. Mr. and Mrs Thompson work long hours at the hospital, and feel exhausted when they arrive home. They also have three young children who need a lot of care. David is eight years old; their daughter Ann is six and the baby is one. It is difficult for the family to cook healthy meals every day. For months, Mrs Thompson has been ordering food. During the week the food is delivered after they arrive from work. This is a bad routine, and the Thompson's know this fact very well and have started to worry that their children will get used to eating fast food. It will be difficult for them to change this habit. For the past two weeks, they have been eating healthy homemade meals and feel very excited about it.
