

# ST. LAWRENCE HIGH SCHOOL

## TOPIC: RAINFORESTS

**Sub: Geography**

**Class: 5**

**F. M. 15**

**WORKSHEET NO. 7**

**Date: 20.4.2020**

**Model Answer**

---

### OBJECTIVE QUESTIONS

Choose the correct option : 1x15=15

- 1) The tropical rainforests are located near the -  
a) **0° latitude** b) IDL c) 0° longitude
  
- 2) The equatorial evergreen forests are also known as the -  
a) Temperate rain forests b) **Tropical rain forests** c) Polar rain forests
  
- 3) The largest rainforest lies in -  
a) North America b) Central America c) **South America**
  
- 4) The rainforests are -  
a) Hottest and driest b) **Hottest and wettest** c) Coolest and wettest
  
- 5) Where do we find the rainforests?  
a) **Central America** b) Central Europe c) Central Asia
  
- 6) Hot and wet climate is the result of the ocean water near the Equator getting -  
a) Quickly condensed b) Quickly solidified c) **Quickly evaporated**
  
- 7) When does it rain in the equatorial rainforests?  
a) Morning b) **Afternoon** c) Evening
  
- 8) How much of the world's oxygen is produced by the Amazon rainforests?  
a) **20%** b) 25% c) 30%

- 9) Why is the equatorial rainforest also called the 'evergreen forest'?
- a) The trees never shed any leaves at any time   b) The leaves are dark green in colour   c) **The trees do not shed all the leaves at the same time**
- 10) What type of leaves help the evergreen trees to withstand strong sunlight?
- a) **Thick leathery**   b) No leathery   c) Thin leathery
- 11) The Amazon rainforest is often called the -
- a) Kidneys of the Earth   b) Heart of the Earth   c) **Lungs of the Earth**
- 12) What is the annual rainfall of the equatorial rainforests?
- a) Less than 200cm   b) 2000cm   c) **More than 200cm**
- 13) The tropical rainforests thrive in between -
- a) 10°N & 15°N   b) **10°N & 10°S**   c) 10°S & 15°S
- 14) What is the rainfall occurring in the equatorial rainforests known as?
- a) **Convictional**   b) Relief   c) Cyclonic
- 15) The plants and trees that grow in the equatorial rainforests have -
- a) 3 layers   b) **4 layers**   c) 5 layers
